Logitech® Z-3

2.1 configuration • 40 Watts • Wired Remote

Upgrade both your music experience and your workspace in a single bold step with the Logitech Z-3, the speaker set for people who care as much about great beauty as they do about great sound.

With its brushed aluminum faces and wood grain styling, the Logitech Z-3 speaker system will dress up any workspace, whether it's in your home office, bedroom, or living room. The only thing that's more impressive than the Z-3's great looks is its sound quality. Its two phase plug satellite speakers, which feature removable grilles and durable cast metal stands, deliver crystal clear, room-filling music, dialogue, and sound effects. And thanks to its patented, award-winning pressure driver subwoofer technology, you'll hear all the bass you expect-and depending on how loud you turn up the subwoofer, you'll feel all the bass, too.

- Appreciate the innovative home audio-inspired design featuring brushed aluminum, wood grain styling, removable grilles, and cast metal stands
- Conveniently control volume and power with the equally elegant wired remote, which also features a headphone jack for private listening
- Enjoy the full, rich bass from the patented pressure driver subwoofer, complete with its own volume control
- Set up the speakers easily with the help of color-coded audio cables

Premium Sound, Beautiful Design

- Premium sound and modern design for music lovers
- Phase plug satellite speakers combine two drivers into one: the clarity of a tweeter with the richness and fullness of a separate mid-range
- Stylish brushed aluminum face and removable grilles
- Durable cast metal stands
- Award winning and patented Logitech pressure driver subwoofer technology delivers unparalleled distortion-free bass
- Convenient wired remote includes headphone jack, volume, and power control
- Subwoofer volume: adjust bass level to your personal preference
- Color coded audio cables for easy setup
